Queen's University Society of Graduate and Professional Students

Revised Date: **September 1, 2009**

WELCOME TO YOUR STUDENT HEALTH & DENTAL PLANS

Dear Student,

Welcome to your students' union health and dental plan.

Students here at the Queen's University Society of Graduate and Professional Students have come together to contribute to health and dental plans that provide benefits to us all.

Your health and dental plans have been democratically established by the members of your student union through referenda. Every year, your elected representatives and staff work to negotiate the best value possible. Students who already have coverage are allowed to withdraw from the plan, so that this service can be focused on those who need it.

Your health and dental plans are services of your students' union, provided by Green Shield Canada, the only national non-profit benefits provider in the country, so you can be assured that students' interests are the only priority.

In creating universal health and dental plans, the Queen's University Society of Graduate and Professional Students members have recognized that when we work together, we can save money and provide important services. If any individual student were to seek private and independent health coverage, the cost would be too great and the benefits too limited. However, by pooling our resources, we are able to realize incredible savings and service enhancements through economies of scale.

These benefits plans represent much more! In deciding to offer ourselves health and dental protection, students are working to ensure that no student suffers academically or has to drop out of school because of unexpected and unmanageable health related costs. Some students with chronic illnesses would never be able to see the inside of a classroom without access to affordable treatment and therapies.

That is why it is important to work collectively to provide protection for each other in the most cost-effective way possible. While we hope that this year will be worry free, if your health does falter, we are glad that your health and dental plans will be there to support you. Many of your plan benefits support health promotion and illness prevention, such as annual dental cleaning and maintenance medication. Being proactive about your health and dental needs is as much a worthwhile investment in your future as your education.

This year, please get familiar with the coverage detailed in this brochure and take advantage of the benefits provided by your students' union health and dental plans. After all, we can all benefit from having the peace of mind this coverage brings.

If you have any questions or suggestions, there is a team of people waiting to assist you.

Have a healthy and successful year!

Your Queen's University Society of Graduate and Professional Students Executive

2. Once a dental provider elects to participate in the network, they are added to a list of Green Shield's participating dental providers. This list is currently available at greenshield.ca/StudentCentre.
3. You may visit a dentist from the list of participating dental providers, or you may ask your existing dentist to join this network; the advantage to your dentist of joining the network is the potential of an increase in business. Your dentist can call our Customer Service Centre at 1.888.711.1119 for more information.
4. The discount offer applies to most dental procedures and *may* be up to 30%.
5. Our system will automatically calculate the applicable discount when you visit a dental provider in this network. The applicable discount is dependent on your particular college or university's plan design, and will be subtracted from your co-pay, or share of the cost.
6. Eligible dental claims are processed electronically, therefore, **you must first be enrolled on Green Shield's system in order to be eligible for the discount.** Green Shield will pay your dentist directly; you only have to pay the dentist your share of the cost (if any) for services provided.
7. You will receive professional dental services while incurring lower out-of-pocket expenses and maintain ongoing oral health.

Visit our website at greenshield.ca/StudentCentre or call our Customer Service Centre at 1.888.711.1119 for more information.

DEFINITIONS

Unless specifically stated otherwise, the following Definitions will apply throughout this booklet.

Allowed amount means, as determined by Green Shield:

- a) Drugs – the Green Shield National Pricing Policy and/or the reasonable and customary charge;
- b) Extended Health Services – the reasonable and customary charge for the service or supply but not more than the prevailing charge in the area in which the charge is made for a like service or supply;
- c) Dental – the provincial dental association fee guide for general practitioners.

Benefit year means the 12 month period starting September 1 and ending August 31.

Co-pay is the eligible allowed amount that must be paid by you or your dependent before reimbursement of an expense will be made.

Covered person means the plan member who has been enrolled in the plan or his or her enrolled dependents.

Custom made foot orthotics means a device made from a 3-dimensional model of an individual's foot and made from raw materials. (This device is used to relieve foot pain related to biomechanical misalignment to the feet and lower limbs.)

Custom made shoes means footwear used for an individual whose condition cannot be accommodated by existing footwear products. The fabrication of the footwear involves making a unique cast of the patient's feet and the use of 100% raw materials. (These shoes are used to accommodate the bony and structural abnormalities of the feet and lower legs resulting from trauma, disease or congenital deformities).

Deductible is the amount that must be paid by or on behalf of you and your dependent in any benefit year before reimbursement of an eligible expense will be made.

Dependent means

- a) your spouse, if you are legally married or if not legally married, you have lived in a common-law relationship for more than 12 continuous months. Only one spouse will be considered at any time as being covered under the contract;
- b) your unmarried child under age 21;
- c) your unmarried child under age 25, if enrolled and in full-time attendance at an accredited college, university or educational institute;
- d) your unmarried child any age, if totally disabled by reason of mental or physical disability and remains continuously so disabled and is considered a dependent as defined under the Income Tax Act.

Your child (you or your spouse's natural, legally adopted or stepchildren) must reside with you in a parent-child relationship or are dependent upon you (or both) and not regularly employed.

Children who are in full-time attendance at an accredited school do not have to reside with you or attend school in your province. If the school is in another province, you must apply to your provincial health insurance plan for an extension of coverage to ensure your child continues to be covered under a provincial health insurance plan.

Emergency means a sudden, unexpected occurrence (disease or injury) that requires immediate medical attention. This includes treatment (non-elective) for immediate relief of severe pain, suffering or disease that cannot be delayed until you or your dependent is medically able to return to your province of residence.

DEFINITIONS

First paid claim means the actual date a claim is paid by Green Shield in a Benefit Year.

Injury means an unexpected or unforeseen event that occurs as a direct result of a violent, sudden and unexpected action from an outside source.

Plan member means you, when you are enrolled for benefits.

Reasonable and customary means in the opinion of Green Shield, the usual charge of the Provider for the service or supply, in the absence of insurance, but not more than the prevailing charge in the area for a like service or supply.
